Name	Category [1]	Expiry	Description
_csrf_token	Required	1 year	To prevent Cross Site Request Forgery (CSRF)
AnalyticsSyncHistory	Advertising	30 days	This domain is owned by LinkedIn. It typically acts as a third party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether or not the visitor has an active Linkedin profile, or agreed to their terms and conditions. For this reason it is classified as a primarily tracking/targeting domain.",Used to store information about the time a sync took place with the Ims_analytics cookie
analyze_beta_demo	Functional	180 days	Determines if user should get analyze demo tour
analyze_onboarding_carousel	Functional	1 year	Prevents analyze onboarding modal from appearing multiple times
anwebreqshare	Functional	90 days	Tracks visitors who have request access to a survey from the shared page. We disable the request button if they have already requested. Prevents survey owner from getting spam.
anwebregshare	Functional	90 days	Keeps track of shared pages for which the user requested access to prevent multiple requests
apex PKB2AB	Functional	99 days	Determines if user sees beta version of Analyze
apexPKB2CB	Functional	99 days	Determines if user sees beta versions of create
apex PKB2SID	Required	session	Session cookie for authentication
			This cookie is used to save the user's authentication state for the
apexsm	Required	session/14 days	help center.
apexsm_lang	Required	session	Store user's language preference for the session
apexsm_SiteMsg	Functional	session	Determines whether a help center site message exists for a user
apexsurveymonkey	Functional	60 minutes	This cookie tracks the user's account info for use in help center and support requests
apexuid	Required	session	Keeps a user logged into the help center
apex_gdpr	Functional	session	determines if we are in a GDPR country. Takes our country and compares it to a list of countries tied to GDPR.
attr_mp	Functional	4 months	Tracking of newly signed up users visiting marketing landing pages
attr multitouch	Required	1 year	Used for session stitching (connecting multiple visits to our site) for multiple-source conversion attribution analysis - so that we understand user paths to conversion (sign up, paid conversion, upgrade, renewal, lead form submission) and to measure the efficacy of SurveyMonkey marketing in driving conversion.
attr_utm	Functional	1 year	Cookie used to track users who view marketing pages
attr params	Required	1 year	This cookie is used for marketing attribution. It stores the values of campaign parameters so that we can measure the efficacy of SurveyMonkey marketing in driving conversion.
audience_upsell_14416	Functional		Triggers the audience upsell flow in Create in order to present Audience more prominently as a choice for response collection
auth	Required	session/1 hour/1	This cookie is used to redirect users to the appropriate language based subdomain or top level domain.
campaign_complete	Functional	30 days	When this cookie is set, users will not see other campaigns after they complete or close a Usabilla campaign. This cookie is set after the user completes a Usabilla campaign across create, collect, and commenting. This cookie adds dependencies across multiple Usabilla campaigns.
cdp seg	Functional	90 days	Helps track behavior for segmentation
cfu	Functional	6 months	Cookie used to track user engagement
closed_template_views	Functional	1 year	This cookie is used for tracking total survey-closed page views
closed_templates_seen	Functional	1 year	This cookie is used for tracking which survey-closed pages this user has viewed
contribute_sess	Required	1 year	Required for SurveyMonkey Contribute user authentication across a session
create8010minimize	Functional	30 days	Determines whether to shorten the experimental tour
create8018quit	Functional	30 days	Prevents the experimental tour from showing
CSRF-TOKEN	Required	session	This cookie is to secure the Brand Tracker dashboards (prevents cross site request forgery).
cx_xxxxxxxx	Required	1 year	This cookie is used to determine if the embedded site collector popup should be shown

dashboard_password_ <dashboard_ke< th=""><th>Required</th><th>1 day</th><th>Authorises user for password-protected dashboard</th></dashboard_ke<>	Required	1 day	Authorises user for password-protected dashboard
dashbreqshare	Functional	90 days	Keeps track of dashboards for which the user requested access to prevent multiple requests
email_only_user	Functional	1 year	Tracks whether user should see email-only sign in page
endpage_test	Advertising	6 months	This cookie is used to split traffic between SurveyMonkey endpages and SurveyMonkey Contribute end pages
endpage_views	Functional	1 year	This cookie is used for tracking total endpage views
endpages_seen	Functional	1 year	This cookie is used for tracking which endpages the user has viewed
ep201	Required	30 min	These cookies are used to for load balancing site traffic and preventing site abuse.
ep202	Required	90 days	This cookie is used for signup source attribution, event stitching, and assigning visitors to AB Testing. Internal health of business reporting, logging and AB testing assignments depend on this cookie being present
ep203	Required	90 days	Enables the system to uniquely identify browsers/devices for the purpose of mitigating account sharing. Identifies devices that could be account sharing which is not allowed under our terms of use.
EPQB_XXXXXXXX	Advertising	1 year	This cookie is used to customize the survey end page based on user demographics
fileDownload	Functional	session	Manages file download from group library
gclid	Advertising	30 days	Stores an identifier that associates Google Ads and Google Analytics user information.
gdpr_consent	Functional	1 year	Is added if a user from a GDPR country consents to the GDPR banner that shows on the bottom.
gdpr_consent_denied	Functional	1 week	Is added if a user from a GDPR country does not consent to the GDPR banner that shows on the bottom.
guardrail-complete- <collectorid></collectorid>	Functional	Browser Local St	Keeps track of resolved guardrail violations on a given Audience project/collector
guardrail-errors- <collectorid></collectorid>	Functional	Browser Local St	Keeps track of active guardrail violation errors on a given Audience project/collector
has_closed_automated_reminder_and	Functional	1 year	When this value is set, users will no longer see the automated reminder and thank you dialog more than once on page loads/refreshes after skipping the option or closing out of the dialog within a email collector upon scheduling their first message.
has_dismissed_comment_icon_popou	Functional	30 days	Prevents popout from appearing after user closes it
has_seen_share_modal_onboarding	Functional	session	Tracks whether users have seen share onboarding modal
hide-allowlist-sm-banner	Functional	1 year	Controls display of modal reminding users to set follow up emails to email collectors
hide_intro_dialog	Functional	1 year (previousl	Controls "Don't show again" checkbox in facebook messenger intro dialog
hide_offline_intro_dialog	Functional	session	Used to show or hide the kiosk mode intro dialog
hide-pending-message-banner	Functional	1 year	When this cookie is set, users will not see a banner explaining why messages sent from email collector are taking a long time to send.
hide-whitelist-sm-banner	Functional	1 year	When this cookie is set, users will not see a banner explaining to whitelist SurveyMonkey due to a sent email collector not actually being received by the intended recipient.
instant_response	Functional	90 days	Question should auto scroll when opening a survey via first question embedded in email collector
is_logged_in_fetch_request_domain	Functional	90 days	When leaving comment, records domain if it is different from survey domain. Seems to be related to the whitelabel surveys and survey preview
landing_page	Functional	30 days	Stores the url of the first page from the user's most recent visit to the SurveyMonkey website.
language	Functional	Browser Local St	Keeps track of the programming language selected for developer docs
legal_type	Functional	session	Tracks whether user is self-serve or enterprise to display different content in the new Legal Center

			This domain is owned by LinkedIn, the business networking platform. It typically acts as a third party host where website owners have
		0	placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether or not the visitor has an active Linkedin profile, or agreed to their terms and conditions. For this reason it is
li_gc	Advertising	2 years	classified as a primarily tracking/targeting domain.
logged_in_fetch_request_domain	Functional	1 year	Preview & Test for a survey creator. Used during the commenting flow
looker.session_renewable	Required	30 days	Tracks wheter user is logged in to Brand Tracker dashboards and if session is extendable.
m_opt	Functional	session	Prevents redirect to mobileweb if users switch to desktop. Set by mobilesvc
marmoset_cookie_name	Required	session / 10 minu	Session cookie for the mobile version of the website (expires in 10 min) reset on subsequent requests which tracks Start Session events in Mixpanel. Removed when user signs out.
mobile_app	Required	session	Session cookie for the mobile version of the website
mp_attr	Functional	session	Determines whether the user has visited the marketing pages
MUID	Advertising	1 year	Bing Tracking
not_show_color_recommendation_aga	Functional	session	Prevents the color suggestion dialog if the user toggles to not see the recommendations
P_XXXXXXXX	Required	1 year	This cookie is used to indicate if a pop up survey has been taken and prevent it from being taken again
PQT_{Encrypted_respondent_id}	Required	1 day	When a user takes a survey that has a payment question type, this cookie denotes the validity of the subsequent page, i.e. if the cookie exists the user is able to pay. Once it expires, the user is unable to make a payment as the payment page is no longer valid.
pricing_ab_new_users	Functional	session/1 year	Price testing
program	Functional	30 days	Stores the value of the SFDC campaign param from the user's most recent visit to the SurveyMonkey website.
project_snapshot	Functional	session/1 year	This cookie saves the project configuration for use later
qna-resp-metadata-popout	Functional	1 year	This cookie will be used to track if we should show the tooltip
		j	Pertains to the Brand Tracker dashboard feature. This is a session management cookie that expires after 30 days unless persistent
rack.session	Required	30 days	sessions are enabled.
recurrence-tooltip	Functional	1 year	Shows/hides the recurrence tooltip inside a web link collector
referrer_url	Functional	30 days	Stores the referrer from the user's most recent visit to the SurveyMonkey website.
research_ep	Functional	30 days	This cookie prevents s-page respondents from seeing our research endpage more than once in a 30-day period.
respondent_id	Functional	10 minutes	Keeps track of the navigation on the individual responses page
RP_XXXXXXXX	Required	90 days	This cookie is used to restrict a users to one response per survey
RP_Client_Token	1 day	Required	A client token received from the auth api to exchange with the current graph instance when a user takes a survey.
			Preview & Test for a survey creator. Flag to indicate that the user has received a tooltip explaining what turning commenting off has done to
s_m_spage_commenting_tour_comme	Functional	1 year	the user experience.
s_m_spage_commenting_tour_owner	Functional	1 year	Preview & Test for a survey creator. Flag to indicate that the user has seen the survey owner commenting tour. Used to determine if they have seen it and it should not be triggered again.
s_m_spage_commenting_tour_review	Functional	1 year	Preview & Test for a survey creator. Flag to indicate that the user has seen the survey reviewer commenting tour. Used to determine if they have seen it and it should not be triggered again.
s_m_spage_hide_preview_warning	Functional	1 year	Preview & Test for a survey creator. Option set by the user to hide or show the about page preview popup modal.
sa_show_fab	Functional	1 year	Prevents analyze sentiment analysis feature announcement bar from appearing multiple times
sa_show_popout	Functional	1 year	Prevents analyze sentiment analysis onboarding from appearing multiple times
sb-closed	Functional	1 year	Determines whether or not the user has closed the smart banner that links to the app store in our mobile experience.
sb-installed	Functional	1 year	Mobile experience optimizations.
seen_tbyb_fat_top_bar	Functional	1 days	Hides the top bar section that explains features are unlocked

This cookie is used when a user comes to SurveyMonkey from media partner for sales attribution.	sm_opa	Advertising	30 days	This cookie is used when a user comes to SurveyMonkey from a media partner for sales attribution.
sm_profile_questions_dismissed Functional session user dismissed module asking them to answer profile question	sm_profile_questions_dismissed	Functional	session	user dismissed module asking them to answer profile questions

sm_profile_questions_dismissed	Functional	session	user dismissed module asking them to answer profile questions
sm_rec	Required	session/14 days	Stores unencrypted user data. Expiry time based on the "remember me" button on login.
sm_show_mobile_video_popout	Functional	1 day	Shows popout to user if in full background layout and the background type is video
sm_show_preview_conversation_popo	Functional	1 day	When this cookie is set, users will not see the popout on step 2 letting them know that they can only see the UI for conversational mode in preview and score page.
sm_switch_format	Functional	1 day	When this cookie is set, users will not see the confirmation dialog letting them know that they're updating the survey format from <old format=""> to <new format=""> on preview and score page of create.</new></old>
sm_team_summary_resharing_seen	Functional	1 year	This cookie is used to track whether we should show the survey resharing modal or not.
sm_video_onboarding_modal	Functional	1 year	Hides video onboarding modal
sm-team-splash-screen-library-dismiss	Functional	1 year	Determines whether an Enterprise user has disabled the introductory splash screen for the Team Asset Library page, and therefore whether to show the modal or not
sm_team_summary_welcome_seen	Functional	1 year	displays a new welcome modal for enterprise admins only once, about the new Power/Casual User seats. Upon dismissal, we won't show the welcome modal again till cookie expires
smasm	Required	90 days	This cookie is used by our experiment platform to determine which currently active experiment variations a user has previously been exposed to.
smc	Functional	365 days	Ensure users are logged in across contribute and core. Removed on log out.
smcx_{{widget_id}}}_last_shown_at	Functional	Session	smcx_{{widget_id}}_last_shown_at is dropped when a user is shown a popup invitation or widget or survey popup user interface, before any user interaction starts. It is used to prevent showing the same popup invitation or survey to the same browser instance after a user on that browser instance had already been given the opportunity to take the survey. Otherwise, in absence of special coding on the hosted website, users would be presented with the survey on every visit.
smexp	Required	30 minutes	This cookie is used by to determine which AB Testing a user has been exposed to in the last 30 minutes.
smf_logged_out_language	Functional	1 Year	Remembers logged out user's language preference
SMkyPaymentRetry	Functional	session	Cookie to send credit card customers in charge retry mode to billing pages.
smpoll	Functional	30 days	This cookie contains info on any polls the user has taken in the last 30 days. It's used by the survey research team to conduct research into public opinion about current events or election prediction.
spagereqshare	Functional	90 days	Used in survey preview and commenting
sso_enabled	Functional	1 year	Stores encrypted SSO group information for SSO notification on login and password reset
sso_user	Required	90 days	This cookie is used to determine if a user is a single sign on user
taken_template_seen	Functional	1 year	This cookie is used for tracking which survey-taken pages this user has viewed
taken_template_views	Functional	1 year	This cookie is used for tracking total survey-taken page views
tld_set	Functional	1 year	Used for cross domain authentication and running AB testing on users visiting the site on different top level domains
tld_user	Functional	1 year	Used for cross domain authentication and running AB testing on users visiting the site on different top level domains
tracking-shared-dashboard-session	Functional	24 hours	Enables a user to access the Brand Tracking dashboards multiple times within a 24 hour period without having to reenter the password after that day's initial log in.
ttc_complete	Functional	1 year	Keeps track of insights trends cards completed
ucs_sign_in_module	Functional	1 year	Used for UCS banner - pending deprecation
ucs_sign_in_promo	Functional	1 year	Used by UCS banner - pending deprecation
ucs_topbar_views	Functional	5 years	Records how many times a certain topbar has been viewed in that browser, This was used by UCS V1, and V1 is not called anymore, the legacy v1 code will be removed soon.
upgrade_browser_modal	Functional	1 days	This cookie prevents the unsupported browser warning from displaying multiple times

utm_adgroup	Functional	30 days	Stores the value of the utm_adgroup param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_bu	Functional	30 days	Stores the value of the utm_bu param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_campaign	Functional	30 days	Stores the value of the utm_campaign param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_content	Functional	30 days	Stores the value of the utm_content param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_data	Functional	30 days	Stores the value of the utm_data param from the user's most recent visit to the SurveyMonkey website.
utm_device	Functional	30 days	Stores the value of the utm_device param from the user's most recent visit to the SurveyMonkey website.
utm_medium	Functional	30 days	Stores the value of the utm_medium param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_network	Functional	30 days	Stores the value of the utm_network param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_source	Functional	30 days	Stores the value of the utm_source param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
utm_tag	Functional	30 days	Stores the value of the utm_tag param from the user's most recent visit to the SurveyMonkey website.
utm_term	Functional	30 days	Stores the value of the utm_term param from the user's most recent visit to the SurveyMonkey website. Used to analyze performance of marketing campaigns.
viewed_4878	Functional	30 days	This cookie is used by for AB testing to personalize a returning user's upgrade path
visited_preview_anon	Functional	session/1 year	Record that a person has visited the preview page while signed out. When they sign in, we record that this user visited the preview page anonymously and then delete le cookie.
